Merchandise

The Robin does not take a fee for the sale of merchandise within the venue. Tables and a small backing board are provided along with seating and lighting for the merchandise area which is situated to the left of the stage and the right of the main venue bar. A member of staff can be arranged for an additional cost.

Parking Facilities

There is a large free car park at rear of venue accessible via Mountford Lane Road with lockable height barrier. See manager on site and your van(s) can be let inside.

Tour bus mains supply;

There is a 16-amp ceeform power supply available for artists tour bus at load in point with parking space for tour bus & trailer. If you are planning to arrive the night before the event please inform us so the power supply can be turned on for you.

Load-In

Load in times can vary depending on the size of the production. The standard load in time unless otherwise agreed is 4pm.

The load-in doors are situated on a flat road on Mountford Lane;

Door Sizes

External door height: 195cm
External door width: 150cm

Internal door height: 195cm
Internal door width: 150cm

The easiest way to load with the most clearance is directly onto the front of the stage which is 112cm high. There are stairs leading to the stage located each side of the stage. Please be aware we have no ramp on site available for load-in.

Stage & Risers

Stage: The usable performance space on stage is **7.5** metres wide by **4.2** metres deep and **1.2** metres high.

Riser: As standard we have a **2.4 by 2.4 by 0.5** high metre riser to the centre rear of the stage. With notice this can be removed completely or split into two small **2.4 by 1.2** metre risers.

Front of House position:

To the rear of the venue we have a centralised raised FoH position **3.4** metres wide by **1.8** metres deep.

Monitor Engineer position: To the stage right of the stage there is a **1.9** wide by **1.6** deep area for a monitor engineer.

Venue Floor: The main section of the auditorium is **16.6** metres wide by **14.1** metres deep (FoH position to stage front) There is also extra space behind the FoH position approximately **7.5** metres wide by **11.7** metres deep.

***Stage, Riser and Room Cads are currently been made, spec will be updated with these on completion**
